The City of Dawson Creek is pleased to announce an 11 year extension of the facility management services agreement with Spectra by Comcast Spectacor for the operations of the Encana Events Centre. This contract will see the 3 different divisions of Spectra – Venue Management, Ticketing & Fan Engagement and Food Services & Hospitality – continue to build on the success of the past 8 years.

“I continue to be wowed by Spectra’s management team at each event that is hosted at the Encana Events Centre and the high caliber of artists and entertainment we are able to see right here in Dawson Creek,” said Dale Bumstead, Mayor of Dawson Creek. “Understanding the trends of our recreational and community needs will provide us opportunity to increase public good within the current and unfinished spaces within the Encana Event Centre. Blending this new approach with world class concerts and events will continue to set us apart from every other community in Northern British Columbia.”
